## 5.3 Threats

Complete the tables on the following pages for all of the following questions.

### Getting started

Complete the first column of the table by identifying different threats.

Complete the third column of the table by identifying **one** solution to each threat.

### Practice

Complete the second column by including a description of each threat.

Add a further solution to each threat in the third column of the table.

### Challenge

Complete the fourth column by explaining how each prevention method works.

<b>Threat</b>	<b>Description</b>	<b>Prevention</b>	<b>How the prevention works</b>

<b>Threat</b>	<b>Description</b>	<b>Prevention</b>	<b>How the prevention works</b>

<b>Threat</b>	<b>Description</b>	<b>Prevention</b>	<b>How the prevention works</b>
